Almost daily, since mid-December 1951, a gasoline train consisting of 40 tank cars has passed through Plauen (M 51/K 12) and continued toward Eger (Cheb) (N 51/P 37) Czechoslovakia. The inscription "Leuna" was clearly visible on some tank cars. [redacted] the train left daily between 2 p.m. and 2:30 p.m. for Plan (N 50/P 55) and returned during the night. *

Comment. Gasoline shipments from the Soviet Zone of Germany to Plan, Czechoslovakia, have not been previously reported. It is not believed that Plan is the final destination of these gasoline shipments, since the nearest airfields and fuel depots are in Marianske Lazne (Marienbad) (N 50/P 56) and Dobruška (or Dobruany) (N 50/L 33).
